

## Project Design Phase-II

### Data Flow Diagram & User Stories

Date	13 October 2022
Team ID	PNT2022TMID19295
Project Name	Skill and Job Recommender Application
Maximum Marks	4 Marks

#### Data Flow Diagram :

- A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system.
- A neat and clear DFD can depict the right amount of the system requirement graphically.
- It shows how data enters and leaves the system, what changes the information, and where data is stored.
- DFDs make it easy to depict the business requirements of applications by representing the sequence of process steps and flow of information using a graphical representation or visual representation rather than a textual description.
- When used through an entire development process, they first document the results of business analysis.
- Then, they refine the representation to show how information moves through, and is changed by, application flows.
- Both automated and manual processes are represented.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Job Seeker	Increase the personal skill and technical skill	USN-1	As a job seeker I can register and this application by providing the details like my email, passwords	I can have the access control on my account and other features	High	Sprint-1
		USN-2	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-1
		USN-3	As a user, I can register for the application through Facebook	I can register & access the dashboard with Facebook Login	Low	Sprint-2
		USN-4	As a user, I can register for the application through Gmail		Medium	Sprint-1
	Login	USN-5	As a user, I can log into the application by entering email & password		High	Sprint-1
	Dashboard		As a user, I can login and chat with the chatbot			
Customer (Web user)	Registration	USN-7	As a user, I can log on and register the application for the services being provided	I can access my account / dashboard	High	Sprint-1
		USN-8	As a user, I will receive confirmation email once I have registered for the application	I can receive confirmation email & click confirm	High	Sprint-1
	Login	USN-9	As a user, I can log into the application by entering email & password	I can log on to the application through email id and password	High	Sprint-1
Customer Care Executive	Should Regularize the Send grid service	USN-10	As an executive and service operator of the service they should make sure that service provided are properly send and received by the user.		High	Sprint-2
	Should monitor the chatbot regularly whether working or not	USN-11	As an executive to provide a quality-based service chatbot is important for assisting if any assistance is needed for the user		High	Sprint-2
